

My Dad started Quality Tire Center in 1957 with a simple recipe for success: Always give your customers great value and great service and—above all—always treat them just as good as you would want to be treated yourself.

Today, Installed Parts Group follows that same tried and true recipe. IPG delivers incredible value to members like me through national account rebates and pricing on name brand automotive aftermarket parts and supplies. We even get valuable IPG Reward Points for every dollar we spend.

Because IPG members are America's largest national account in the automotive aftermarket, we get the same respect that other national chains and franchise dealers have enjoyed for years.

So take it from me. If you're looking to maximize the profitability of your business, do yourself a favor and support your approved supply partners.

About Installed Parts Group

Installed Parts Group (IPG) represents America's largest national account in the automotive aftermarket: The American Tire Distributor's network of more than 25,000 Tire

At IPG, we are exclusively dedicated to supporting our members and partners while reducing the overall cost of doing business and enhancing bottom line performance.

IPG levels the playing field for its members

National chains enjoy favorable pricing structures that can make it difficult for small dealers to compete. IPG levels the playing field with national account rebates, pricing, and rewards for its members. To do this, IPG leverages the combined purchasing power - estimated at more than \$1 billion annually - of ATD Tire Pros and ServiceBay dealers.

In addition, IPG provides effective back-office solutions for management of rebates, pricing, and rewards from IPG-approved supply partners. Members can monitor their earned rebates and rewards points 24/7 with an innovative suite of easy-to-use on-line tools - IPG RebatesPlace,™ IPG Rewards™ and IPG Direct Connect™.

ATD Tire Pros and ServiceBay members are automatically members of IPG and receive the following free benefits...

- **National Account Rebates Paid Quarterly**
- IPG Rewards (1 point for each \$1 spent)*
- Online Reporting and Account Summary 24/7**
- **National Account Preferred Pricing from Major** Account Supply Partners – Auto Plus, AutoZone, **Factory Motor Parts and Pronto Auto Parts**

As we like to say here at IPG, purchase your tires and wheels from American Tire Distributers, support our supply partners and we will keep sending checks and issuing IPG reward points. It's no harder than that!

There is no charge or financial obligation — if you are a Tire Pros or ServiceBay dealer, you are already qualified.
